A Word from our President:

As we head into month 3 of coronavirus-related restrictions and changes to our daily lives, I am thankful that all my family, friends and loved ones are safe and healthy, and I hope that all our AMDC members are as well. At the same time, it is sad and disturbing to hear of so many people who have lost the battle to coronavirus, to see and know so many people who have lost their jobs, and to constantly hear of the devastating effects this pandemic has had on so many people and businesses. On a much smaller and certainly less significant scale, our AMDC board and officers have suspended our monthly meetings, our lost and found searches and other group activities until it is safe to resume. The Kerrville Lions Camp staff has cancelled the activities that our club has participated in for the past many years. Of course, we can all continue metal detecting on our own; we just need to strictly observe and maintain the social-distancing guidelines and other local, state and federal requirements for health and safety. On a more positive note, I am really looking forward to when we can have our next monthly meeting with Find of the Month! It's been so long, that we should be able to completely fill up all the squares for all the FOM categories! Maybe we should devote our next meeting to Find of the Month!

Please stay safe and healthy.

Jim Clary
