March Meeting

The members were treated to a little history lesson of the Austin Metal Detecting Club. Larry Vickers offered up some information about the club's past. He talked about the club events and how they would go about getting together and going on hunt trips around the area. They would pool money and use it to travel and spend a weekend hunting.

He also brought some of the old club documents including an Austin Metal Detecting Club Resource Manual among other things. Larry then took

The frost has fled the waking loam,
As April rains release the clay.
With coil in hand, I softly roam
Where winter's secrets start to stray.
A sudden chirp, a steady tone,
Beneath the budding, emerald spread;
The history of a life unknown,
Is pulled from silence, deep in bed.

AMDC Monthly Programs Wanted for 2026!

AMDC thrives on its members and there is nothing we like more than to have someone give a program during the meeting. We would love you to be the program for an upcoming meeting! The topic can be anything you like, it does not have to be metal detecting related. It could be about your aspect of the hobby, a place you have hunted and found interesting treasures or a variety of tips you know about selecting a hunt site. Just get in contact with our Vice President to pick a month you can present a program!
